with a particularly strong feeling of the proximity to the Earth, and we can see it as the most impervious one to the threat of environmental disaster. Yes, people make sure their homes, their offices, their car, everything that they use is safe because they know that these are the things that are going to save them, but nature is a different story. Trumpf TruTops Suite is a multipurpose application that supports different customers, with different needs. We are a leader in the design and manufacturing of printed circuit boards, and also in the design of mechanical and electronic products. With this release, we have taken one more step towards our goal of offering only the best products and services to our customers worldwide. Thus, we present to you our latest products and solutions, and invite you to learn more about our business. New programs and updated tools are also included to meet the specific needs of all our customers. In addition, and for the first time, we have included a bundle with its corresponding software. The bundle can be purchased for \$299. Furthermore, the new software includes the Trumpf Jobs Board, the Trumpf Jobs Emailer, the Trumpf PMA Express, the Trumpf PMA PMEV, the Trumpf Machining PMEV, Trumpf Machining PMS, Trumpf 3D Visual, Trumpf Multilaser Plotter, Trumpf Sorter, Trumpf Sorter Multilaser, Trumpf CAD lite and Trumpf Multilaser 200 Series, all for only \$100, including software, electronics and shipping. An emergency notification list is now available in the Trumpf Production Solutions Dashboard. See it in action by having a look at our video demo. A new My Jobs area on the Trumpf Production Solutions Dashboard is also available. This area will serve as a single source for all your companies financial information, and it is especially useful for tracking your companies status when it comes to your big projects. Last but not least, all the tools developed as part of the Suite have been improved, in addition to adding more features. For example, the Trumpf TruPaths (network protocols) and Trumpf Ceramic Memory (Network cards) controllers have also been added. And our new laser-cutting system has been added as well as our new laser cutting software. The last included in the Suite are multilaser plotters, the new Trumpf
