A former California cop has been indicted for threatening to kill a woman with his truck. Thirty-four-year-old Tim Chacon was arraigned on charges of threatening to commit a crime, menacing with a deadly weapon and criminal threats, according to the San Bernardino County Sheriff's Department. The threats were allegedly made against a woman in the town of Yucca Valley, southeast of

Los Angeles, between January 2017 and August 2017, the department said. Chacon allegedly threatened to kill the woman's husband and then the mother of her children. He was released from jail on \$30,000 bond. A new application of fiberoptic bronchoscopy. A new application of fiberoptic bronchoscopy in the diagnosis and treatment of pediatric disease of the airways is presented. Bilateral fiberoptic

bronchoscopy was performed in 18 children ranging in age from 1 day to 2 years, with 7 children under 3 months of age. Cytology of secretions, biopsy of the respiratory mucosa and biopsy of suspected lesions were obtained. Sixteen biopsies demonstrated the presence of inflammation or carcinoma. One biopsy was negative. Fiberoptic bronchoscopy appears to be a safe and valuable

diagnostic tool and may be valuable in the diagnosis and management of airway disease in children.
